South Sioux City, NE 68776

Insured: Sunbelt Rentals
D.O.L.: 07/29/2022
Claim No.: R94702
Our File No.: 9879

Greetings,

We received the above captioned claim on November 1, 2022. Upon inspection, we found the subject Lift to be a 2018 Genie S80X Man Lift, Serial Number S80XCH-312. Damage observed is consistent with roll over. We found the lift to be heavily damaged. Our research revealed that Genie does not offer a full replacement boom. We contacted several Companies that repair Lifts. They advised that due to the extent of damage, the lift would probably need to be taken to a large repair facility, such as TERX. From the information obtained the unit would require complete disassembly and inspection due to the liability involved. With obvious damage to the Boom, motor and housing, along with labor costs, repairs would appear to exceed the value of the Unit. With the information available at this time the subject lift would appear to have an average ACV of approximately \$100,013.00. We submit this for your considerations. At this time we wish to submit our invoice for services rendered. We sincerely appreciate this opportunity to be of service to you and your Company.

Respectfully yours,

J. Wayne Bevers
